Minutes Approval	<ul style="list-style-type: none">April 20, 2023- Approved
Presentations	<ul style="list-style-type: none">Rob Hart of the NWS provide an overview of the short/long range forecast. Southern half of Gallatin County has dry conditions but should improve. Precipitation is at 100-130% of normal. 6-10 day temps likely to be below normal, above average precipitation with intermittent storms. Typical to slightly warmer July-Sept but frequent storms. Entering Fire Season with below normal potential to significant wildfire season July-September in Gallatin CountyAnthony Cochenaur from Hoptite Industries presented lessons learned from the MSU Ransomware attack. No persistent impacts to critical infrastructure. Lessons Learned included focusing on: Exposure management, use of cyber automation, blocking anonymizing services, identification of stolen credentials, manage vulnerabilities and constant monitoring. Hoptite will consider various resources to improve Phishing awareness and trends in interagency sharing during critical events.
Discussion Items	<ul style="list-style-type: none">Hazmat Team Deployment Changes- Patrick outlined possible changes to the MT DES response protocols based on incident in Missoula County and is working on clarification. New policy appears to make the requesting agency responsible for costs. Future requests to DES to be handled by Emergency Management.

Updates	<ul style="list-style-type: none"> • Hazard Mitigation Grant Program- Post Fire Award. Jay gave an update the on the required BCA's for Phase I- environmental compliance & Phase 2- implementation. • MCI Plan Final Draft- Patrick & Brian Nickolay explained minor revisions: Out-of-county MCI assistance to be coordinated by Emergency Management, and Bozeman Health will be Medical Control in direct contact with IC and Transportation Supervisor. • Middle Creek Activation Plan Update- Patrick advised that it has been adopted by the agencies affected by the inundation area to reflect the new system. • Rescue Task Force SOP- The SOP is making the rounds for signatures. Currently in Manhattan. • HB883- Patrick explained that the new bill increase the rollover in the suppression fund for mitigation and preparedness each biennium. This will increase contracted resources available to the state
Next meeting	<ul style="list-style-type: none"> • August 17, 2023
